Paa (Water) Ad Hoc Committee Project  
Burns Paiute Tribal Council

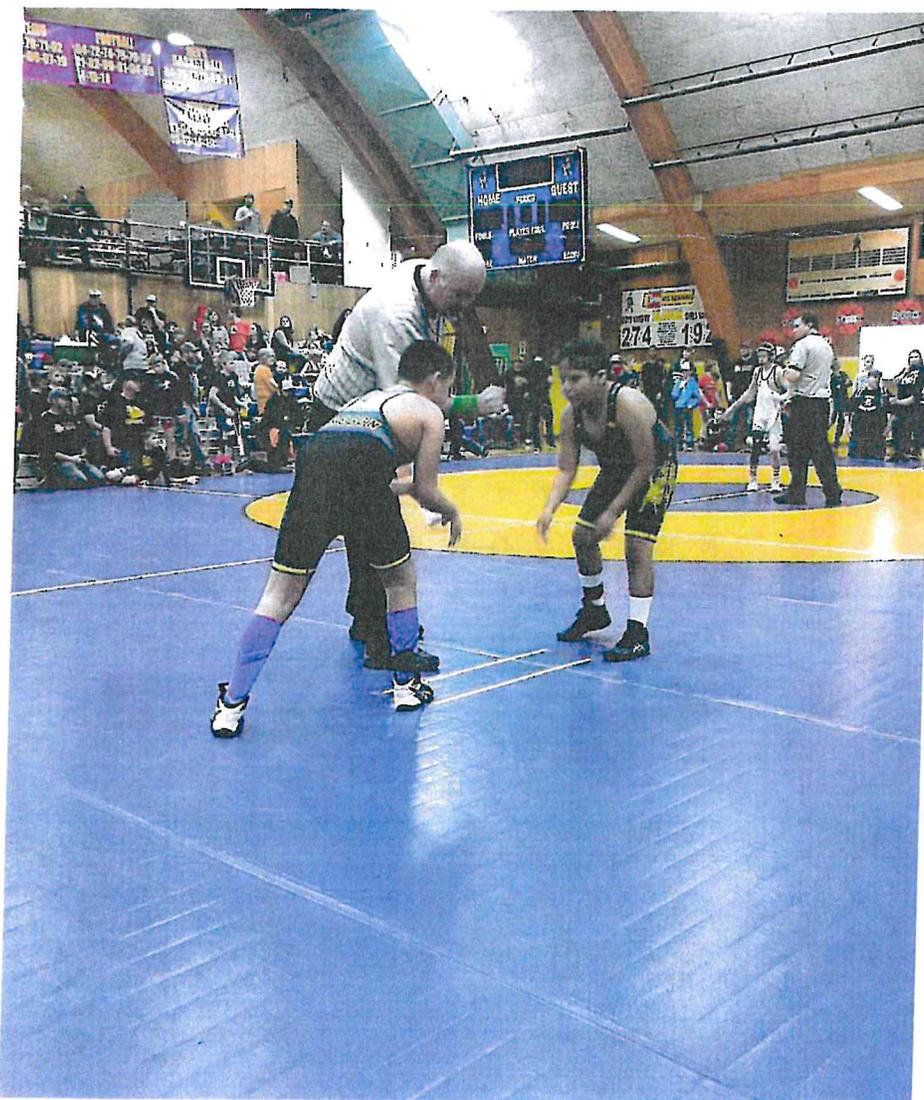

Project background and description that includes:

Paa (Water) is culturally sacred to our Wadatika Neme (Burns Paiute) people. In our traditional teaching and understanding, Paa has personhood, its own rights and agency. Our Northern Paiute people have held a reciprocal relationship with Paa since time immemorial, and we are taught we have a responsibility to protect and speak for Paa and all the other indigenous plants, animals, and beings in our homelands. Because of our specific post-contact tribal history, our tribal people were forceable removed from Oregon in 1879 but were released to return home half a decade later. Because of our removal and complete loss of any communal tribal land for a time, we struggled for survival into the 20<sup>th</sup> century. Our desperate situation led to our disenfranchisement and exclusion from the discussions of the treatment and management of Paa in our traditional lands. Over the course of the last century, our tribal people have worked diligently to regain voice on numerous issues affecting our homelands and Paa has been an import aspect of our cultural and political discussions. Currently, we have numerous Tribal Council members, staff, and tribal community members engaged in Paa discussions in terms of quantity, quality, access, rights, and cultural understandings.

The Goal of the Paa (Water) Ad Hoc Committee Project is to coalesce the tribal traditional, tribal legislative, and staff technical understanding of the tribe's interests in and responsibility to Paa, so that we may more effectively engage in the critically important Paa discussions happening in our traditional homelands. The work of the Ad Hoc committee and the direct engagement of the Tribal Council on these issues will allow us to increase our capacity to protect Paa and fulfill the tribe's responsibilities as the Indigenous people of these lands.

Specific goals for Paa (Water) Ad Hoc Committee Project include placement of interested individuals on the committee by the Tribal Council, and scheduling of regular meetings to discuss Paa concerns, interests, and objectives. The Paa Ad Hoc Committee in conjunction with the Tribal Council may produce a water survey to poll our tribal community and obtain and compile the views and perspectives of our tribal members. Another goal of the Ad Hoc Committee Project is to have Tribal Council and Ad Hoc Committee members actively and regularly participate in local and regional meetings in which Paa is a primary topic. While we currently have individual staff an community that participate in such meetings, there isn't currently a way for them to consistently and effectively share and discuss the scope and direction of those meetings with others within our tribal organization and community. Additionally, it is a goal to have Ad Hoc Committee members who otherwise attend water related meeting as part of their work and/or land interests, update the Ad Hoc Committee on recent issues and conversations to keep everyone updated on trending issues and decisions.

Please congratulate Netuah Kennedy on his 5<sup>th</sup> place finish at the Jay Winn Memorial Wrestling Tournament. Netuah worked hard all wrestling season and was a lot of fun to coach. We hope to see him return next season as well as many more future wrestlers!
